

## **Centre for Supervision and Team Development**

### **Certificate in Supervision**

**The supervision training is put on in collaboration with BCPC as well as other people within the helping professions – particularly counsellors and psychotherapists.**

**The certificate involved 4 three-day modules held in three venues – Bath, London and Findhorn. The modules may be undertaken in one or more of the venues and can be taken over a flexible time period. In addition 10 supervisions on supervision and 3 tutorials need to be completed before the certificate is awarded.**

**CSTD has been running supervision courses for over 25 years and its approach is highly suitable for BCPC graduates, it having two founders in common – Peter Hawkins and Judy Ryde. The other two staff members are Joan Wilmot and Robin Shoet.**

**The next core module is in London on 19<sup>th</sup> – 21<sup>st</sup> September 2012.**
