

Centre for Relational Couples Therapy

Supporting therapeutic work with couples

Training/Supervision/CPD 2024-25

Overview

‘Learning to work with couples’

This 12 day (60 hour CPD) experiential training is for those who are qualified in individual counselling/psychotherapy and want to expand their practice by learning how to work with couples.

Completion of this course leads to an award of ‘Certificate in Relational Couples Therapy’.

‘Advanced practice’

A 5 day (25 hours CPD) course for those who have completed ‘Learning to work with couples’ **or** have considerable training and/or experience (over 100 supervised hours). Completion of this course leads to an award of ‘Diploma in Relational Couples Therapy’.

‘Supervision groups’

Online Fridays (am or pm) and in-room Saturdays (all day)

These groups will meet for four days (in-room on Saturdays) or four afternoons or mornings (online on Fridays) over the year and are designed for those who are currently working with couples. This is an opportunity to speak about the processes that occur between you and the couples you work with, and to learn from those of others.

‘Talking about sex in the consulting room’

A one day CPD workshop for those working with individuals or couples. This is an opportunity to explore the issue of sex in your work and how to talk about it. For many of us (therapists and clients alike!) sexual intimacy can be a place of hugely heightened hope and fears, yet often it is simply not talked about.

If you feel some trepidation in this area this day may be just what you need to open up this enormously important subject of therapeutic enquiry.

CPD certificates are available at the end of each course (and for up to one year after completion).

Course detail/dates/how to apply

‘Learning to work with couples’ at Barrow Castle

This 12 day course integrates experiential learning, reading and discussion, practise and supervision.

The course is divided into two sections:

Part 1: Learning about couples

Firstly we begin by exploring the relational-system that is a couple relationship and use role-plays to practise ‘sitting-with’ a couple. We will explore the basics of couples therapy: including ‘initial meetings’; ‘conscious and unconscious shapes couples make’; ‘why do people couple?’; ‘ways of holding a couple’; ‘exploring your own coupling experience’.

Skills sessions will take place in the afternoon of each course day.

Dates: Friday 1st/Saturday 2nd; Friday 15th/Saturday 16th November and Friday 29th/Saturday 30th November 2024

Ordinarily you will start seeing couples sometime around December/January (although this is not a course requirement and there is deliberate flexibility to allow for individual process). Help and guidance is given on the course about how to start up.

Part 2: Working with Couples

This part of the course is primarily concerned with practice, so showing your work and hearing about that of colleagues is a key part of the day. We will revisit some of the themes from the beginning of the course, now in the context of actually working with couples and there will be sessions on: ‘working with couples over time’ and ‘identifying and working with *relational trauma states*’.

Supervision sessions will take place in the afternoon of each course day.

*Dates: Friday 28th February/Saturday 1st March
Saturday 15th/Sunday 16th and Friday 28th/Saturday 29th March 2025*

‘Advanced Practice’ Online CPD for couples therapists

This 5 day course is for those who have completed at least 100 hours of couples work (see application form for details) and want some further input into their practice in a group of experienced therapists. The course will be ‘bespoke’ in the sense that we will pay attention to the areas of practice that a particular group are interested in.

Dates: *Friday 25th April*
Friday 2nd/Saturday 3rd and Friday 16th/Saturday 17th May 2025.

‘Supervision groups’

Online and in-person

These groups will meet four times a year and are designed for those who are currently working with couples. This is an opportunity to speak about the processes that occur between you and the couples you work with, and to learn from those of others.

There is a choice between three different groups: morning and afternoons on Fridays (online) or Saturdays all day (in-person, Stroud, Gloucestershire).

Dates: *Friday am: 27th September 2024*
24th January, 7th March and 13th June 2025

Friday pm: 11th October 2024
31st January, 21st March and 27th June 2025

Saturday: 19th October 2024
8th February, 26th April and 5th July 2025

‘Talking about sex in the consulting room’

A one day CPD workshop for those working with **individuals or couples**. This is an opportunity to explore the issue of sex in your work and how to talk about it. For many of us (therapists and clients alike!) sexual intimacy can be a place of hugely heightened hopes and fears, yet often it is simply not talked about. If you feel some trepidation in this area this day may be just what you need to open up this enormously important area of therapeutic enquiry. I am running this day on two separate occasions.

Date: Saturday 7th June 2025
